## DISHWASHING LIQUID

Daily routine cleaner

# VAMAT GF DW 25

Glass-cleaning and dishwashing liquid, alkaline

### Application and dosage

Dosage is carried out via automatic dosing devices, depending on the degree of soil and the water hardness:

Low water hardness (<14°dH):

0,5 - 3 ml / 1 l

Medium water hardness (7 - 14°dH):

3 - 4 ml / 1 l

Very high water hardness (> 21°dH):

> 4 ml / 1 l

### Note

Do not mix with other products. Surfaces or objects that come into direct contact with food, freed from cleaning residues by careful rinsing with water. Before changing over to a new product, rinse all containers/compartments, pipes/tubes and dosing devices with fresh water. When you have finished using the dishwasher for the day, clean all sieves. Leave the machine slightly open to ensure that the inside of the machine dries thoroughly and to avoid corrosion. Do not expose product to direct sunlight. Not suitable for aluminium.

### Complementary products

Vamat GH DW 30 - Dishwashing liquid, highly alkaline

Vamat KS DW 40 - Rinser, acidic

### Hazard statements

H290 May be corrosive to metals.

H314 Causes severe skin burns and eye damage.
